Map(labelled)

Mechanics

A = Jump

A' = Jumping with spring

B = Double Jump

B' = Positioning each of the two jumps to avoid taking damage

B'' = Splitting the two jumps up, jump 1 - other action - jump 2

C = Slide

C' = Air slide

D = Timed Jump

E = Breaking Platform, limited time

Theme

Primary focus : Mobility Skills

Secondary focus: Timing

This map was designed to be centered around the double jump(B) and slide(C) mechanic in the game. While you can normally not have slide and double jump at the same time due to character restrictions, equipping a unique attack allows this to happen. This allows for interesting interactions like air slides, and complex timing based puzzles such as 1 block high midair gaps that require a double jump AND a perfectly timed air slide.
